машинобудівний завод

ABOUT THE COMPANY

Machine-building plant "Kramtechcenter" was founded in 1999

Use of advanced technologies and materials in production

Quick response to changes in market needs and customer orders

Ability to meet the needs of various market sectors

Optimization of production processes and use of economic materials

Ensuring long-term relations with clients

20 years of effective work

High quality products

Flexibility in production

A wide range of products

Competitive prices

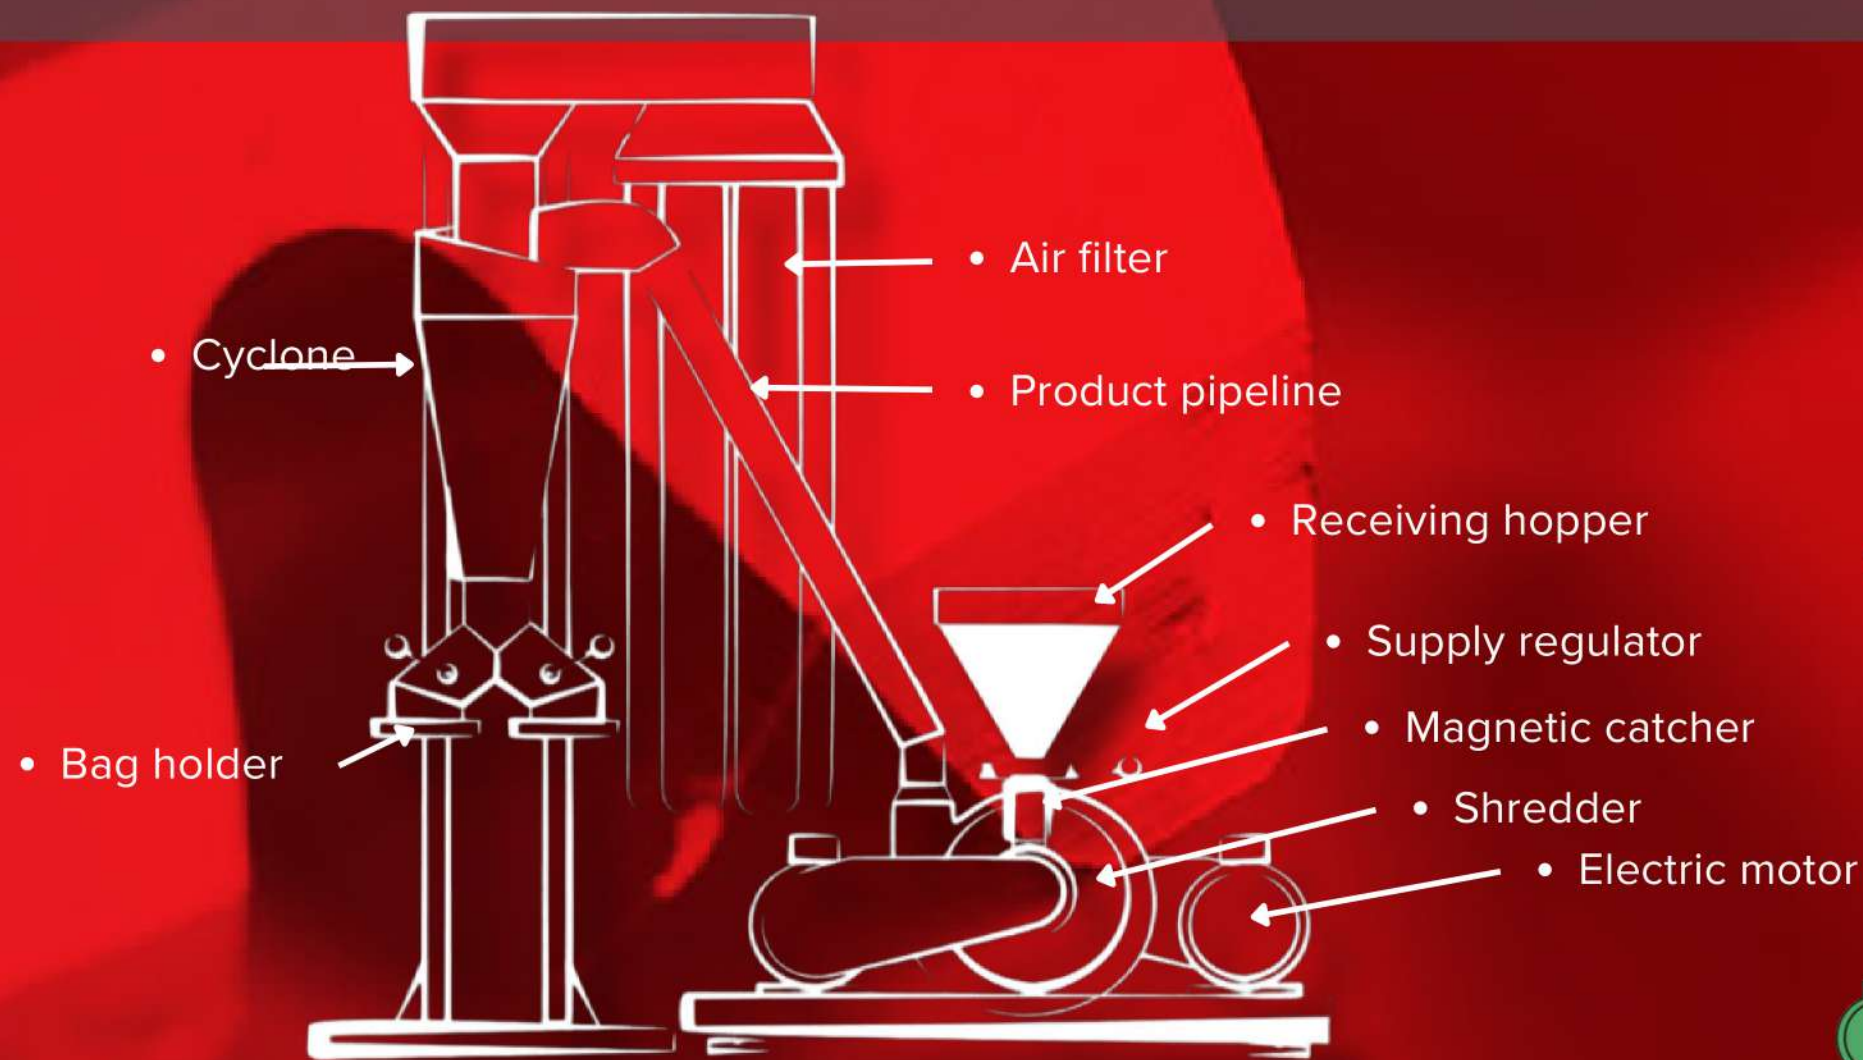

Professional service and warranty service

DESCRIPTION OF DISINTEGRATORS

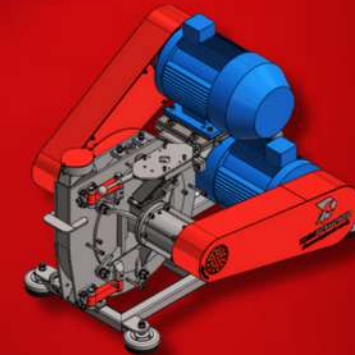

FIELDS OF USE

- Disintegrators from "Kramtechcenter" crush various materials and allow obtaining ultrafine fractions, which makes them ideal for use in various industries:

- Agriculture
- Food Industry
- Production of building materials
- Chemical Industry
- Production of dyes and pigments
- Various industries where material grinding is required.

D-29

NEW

For ultra-fine grinding of dry loose materials

DI2-07

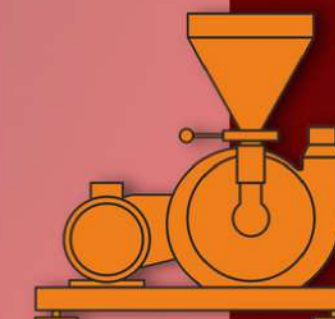

For fine grinding of materials with a high content of fats and moisture and prone to sticking

For ultra-fine grinding of dry loose materials

DI2-06

For fine grinding of dry loose materials

COMPETITIVE ADVANTAGES

DISINTEGRATORS

CHARACTERISTICS	
POWER	up to 1 ton per hour
DEGREE OF REFINING	up to 50 microns (depending on the material)
CONSTRUCTION	intended for industrial use
GRINDING MATERIALS	<ul style="list-style-type: none"> • chalk • lime • cement • marble • peanut • sunflower • cocoa • wheat • rye • Fig • buckwheat • sugar • soybean meal • turmeric and others.

POWER AND PRODUCTIVITY OF THE DISINTEGRATOR
- up to 1 ton per hour

DEGREE OF REFINING
- up to 50 microns (depending on the material)

CONSTRUCTION OF THE DISINTEGRATOR
- intended for industrial use

AN INDIVIDUAL APPROACH TO EACH CLIENT
- the company cares about each sold disintegrator and does not go into mass production

QUALITY AND SAFETY
- availability of quality certificates and compliance with safety standards

20 YEARS ON THE MARKET
- and positive feedback from customers

"BOUTIQUE PRODUCT" - WHICH CAN BE USED FOREVER

MARKET OF DISINTEGRATORS IN UKRAINE

Competitors on the market:

- LLC NPP "Service-Pack"
- OOO "Inter-Hydraulics"
- PE "ODP-Ukraine"
- FLP Reketenets S.G
- OOO "Sota-Stal"
- LLC "Plant Spetsprommash"
- "Stroycenter" LLC
- LLC "Prodtechmash"
- TECHNO-MASH company
- GK Bioekoprom

MARKET OF DISINTEGRATORS IN EUROPE

Competitors on the market:

- Retsch, Netzsch (Germany, Ukraine)
- Hosokawa Micron B.V. (Netherlands)
- Retsch GmbH (Germany)
- Netzsch Grinding & Dispersing (Germany)
- Fritsch GmbH (Germany)
- IKA Werke GmbH & Co. KG (Germany)
- Pallmann Maschinenfabrik GmbH & Co. KG (Germany)
- Alpine AG (Switzerland)
- Bühler AG (Switzerland)
- GEA Group AG (Germany)
- Verder Scientific GmbH & Co. KG (Germany)

Potential clients:

- Agriculture
- food industry
- manufacturers of building materials,
- chemical industry,
- manufacturers of dyes and pigments

COMMERCIAL OFFER

DESCRIPTION OF THE OFFER

Kramtechcenter offers high-quality disintegrators for customers in Europe. We use the latest technologies and materials to ensure maximum efficiency and speed of operation of our products. Functionality and pricing policy allow us to differentiate ourselves from our competitors.

We guarantee that all our disintegrators meet safety standards and have quality certificates.

We manufacture our products locally, which enables us to respond quickly to market needs and shorten delivery times.

The price of our disintegrators depends on the model and specifications, but we guarantee that it will be competitive in the market. We also provide a warranty for our products and service.

PRICE OFFER

NAME OF THE EQUIPMENT	PRICE With VAT
Disintegrator D 29	363480.00
Disintegrator DY2-09	345540.00
Disintegrator DY2-07	315900.00
Disintegrator DY2-06	258570.00
Reception bunker BP-01.00.050	5 330,00
Cyclone filter CF-01.00.000	51 480,00

**WE INVITE YOU TO JOIN OUR TEAM AND TOGETHER
WITH US TO BECOME POTENTIAL LEADERS IN THE
EUROPEAN MARKET**

Our machine-building plant
"Kramtechcenter"
offers high-quality products for our customers, and together
with you we will be able to reach new heights of success
